

B-Tech's reputation as the go-to brand for professional AV mounting solutions is built off the back of our huge range of specialist solutions for each area of industry. Our suite of mounts for the VC/UC space is no exception and we have designed and manufactured a range of mounting plates and adaptors designed specifically to mount Video Bars, Soundbars, VC cameras and a range of other devices. These are all available from stock and can be fitted to a wide selection of B-Tech wall mounts, stands and trolleys. With options to fit the device above or below the display, end users will experience a robust, yet flexible mounting solution to suit their conferencing needs and the installation process will be smooth and hassle-free for the integrator.

*Solutions available for all major brands, including:*

# Typical Installations

## Column Mounting

A video bar mounting plate can attach directly to a B-Tech column (BT8380 / BT8381\*).

Ideal for use on **System X** and **Designer Trolleys** and floor stands.

*\*Use a BT8385-RTC when mounting to a Mode-AL BT8385 column.*

No additional product required - fit direct to column

## Pole Mounting

A video bar mounting plate can be fixed to a Ø50mm Pole using a B-Tech Accessory Collar (BT7052 / BT7841\*).

Ideal for ceiling mounts or on pole mounted floor stands and trolleys.

*\*Use a BT7841 2-Piece Accessory Collar to retro fit video bar onto an existing installation*

## Rail Mounting

A video bar mounting plate can be mounted onto a rail using an Adjustable Accessory Mounting Arm (BT8390-SA), and can be positioned above or below the screen(s).

Ideal for any **System X** or **Mode-AL** products that feature a BT8390 mounting rail.

Use BT8390-SA

## Flat Screen Mounting

A video bar mounting plate can be mounted onto compatible flat screen mount\* using a BT7031 adjustable accessory mounting arm.

Use mounting arms on trolleys / stands when mounting onto a column / pole is not an option.

### \*Compatible Flat Screen Wall Mounts:

BT8431 / BT8432 / BT8441 / BT8442 / BT9901 / BT9903

\*\*The BT7031 mounting arm can also be used on trolleys, stands and ceiling mounts that feature any of the above flat screen mounting plates in place of a rail.

Use BT7031

## Mode-AL Mounting

A video bar mounting plate can be attached to a **Mode-AL** stand using a BT8390-SA mounting arm to hook onto the rail or by using a BT8385-RTC plate to fix on to the column (BT8385).

All mounting arms can be installed to mount the video bar above or below the screen.

Use a **BT8385-RTC** for column mounting...

...or a **BT8390-SA** for rail mounting

## AV Storage Mounting

A video bar mounting plate can be mounted onto a B-Tech flat screen wall mount with slide-out / pull-down AV storage tray (BT7883 / BT7885) using an BT7034 adjustable accessory mounting arm.

AV storage trays are a convenient way of storing AV equipment behind the display and out of sight.

Use BT7034

All can mount video bar above or below screen (example shows BT7877)

**BT7031**  
Mounting Arm

**BT8390-SA**  
Mounting Arm

**BT7034**  
Mounting Arm

**BT7052 or BT7841**  
Accessory Collar

Not Required  
Fit Straight To Column

\*BT8564 & BT8583 have twin columns that allow BT7873 & BT7874 to be mounted without an adaptor

## Step 1

Choose Video Bar Mount

### Video Bar Mounting Plates

BT7871

BT7873

BT7874

BT7875

BT7877

BT7878

BT7879

Mounts directly to the back of the screen

BT7876

## Step 2

Choose Mounting Accessory

### Collars

BT7052

BT7841

### Mounting Arms

BT8390-SA

BT7031

BT7034

### Step 3

Choose Pole / Rail Or Screen Mount

#### Poles

BT7850

BT4107 | BT4116 | BT4118

#### Columns

BT8380-180

BT8381

BT8385

#### Mounting Rails

BT8390

#### Flat Screen Mounts

BT8431 | BT8432 | BT8441 | BT8442 | BT9901 | BT9903

#### AV Storage Mounts

BT7883

BT7885

### Example Installations

#### Pole Mounted

#### Screen Mounting
